# **Foot Soldier** Fades for Air, **Atomic Weapons**

By ELTON C. FAY

WASHINGTON, Eisenhower recommended today a \$37,575,000,000 military outlay for the next fiscal year, with a shift in emphasis from foot soldiery a "full exploitation of air power and modern weapons."

The spending budget he proposed to Congress for the Defense Department is about four billion dollars less than that estimated for the current year, which ends June

Eisenhower said the budget is based on a "new concept for our national security program."

A substantial part of the savings obviously would come in manpower, particularly Army manpower. The budget figures reflect an over-all reduction of about 8.7 per cent in manpower for all the arm ed forces. Army personnel would be reduced by 17.3 per cent, and three divisions would be dropped from the present 20.

Against the cutback in strength of the Army, in which Eisenhower was a five-star general, there was the President's emphatic advocacy of greater polar in the air.

He said the Air Force. Navy and Marine Corps now have, among them, about 33,000 planes. During the next three years, he said, this will be increased to 40,000, more than half of them jets. Twenty-two per cent of defense expenditures in the new fiscal year would go to airplane procurement.

ORDINANCE NO. 727 AN ORDINANCE AMENDING OR-DINANCE NO. 726 OF THE CITY OF HOPE, ARKANSAS, AND DECLARING AN EMERGENCY.

WHEREAS, the City of Hope, Arkansas, contemplates the issuance of \$78.825 in water and electric revenue bonds and by clerical error the right to invest the reserve was limited and it becomes important to change this right in order to correspond with the similar provisions in ordinances authorizing prior bond issues: now therefore. BE IT ORDAINED by the City Council of the City of Hope, Ar-

SECTION 1. That Subsection (d) of Section 7 of Ordinance No. 726 of the City of Hope, Arkansas, passed and approved on December 15, 1953, be and the same is hereby

amended to read as follows: The \$22,000 accumulated in the Bond Fund over the annual principal and interest requirements shall be held in said Bond Fund as a reserve for contingencies and used solely as herein provided; provided, however, that when the moneys held in the Bond Fund, including the reserve for contingencies, shall be and remain sufficient to pay the principal of and interest on all the bonds then outstanding, the City Treasurer shall not be obliged to make any further pay-ments into the Bond Fund. If for any reason the City Treasurer shall fail at any fime to make any of such payments into the Bond Fund, any sums then held as a reserve for contingencies shall be used to the extent necessary in the payment of the interest on and the principal of the bonds, but such reserve shall be reimbursed from the net revenues as above defined, out of the first available moneys in said net revenues, after making the payments hereinabove required to be made. The reserve for contingencies may be invested in obligations of or fully insured by the United States Government, ma-turing not more than fifteen years

after date of purchase.
SECTION 2. It is hereby ascertained and declared that there is immediate need, in order to protect the health and property of the inhabitants of the City, for the betterment and improvement of the waterworks system and the electric light and power system now serving the City of Hope, Arkansas; there fore, an emergency exists and this ordinance is necessary for the preservation of the public peace, health and safety, and shall take effect and be in force without delay from and after its passage.

Passed: January 19, 1954. APPROVED: John Lawisson

(Seal) Attest: Mrs. Chas. F. Reynerson

City Clerk CERTIFICATE I, the undersigned, City Clerk of Hope, Arkansas, hereby certify the foregoing to be a true copy of an ordinance passed by the City Council on January 19, 1954, at a duly called and constituted meeting at which more than two-thirds o at which more than two-thirds of the total number of members-elect of the Council were present and voted for said ordinance, which is now of record in Book 2, page 91, of the records of said City.

CERTIFIED under my hand and the seal of said City this 19th day of January, 1964.

Sim years past, Chevrolet brings you the biggest savings in first cost with the industry's lowest-priced line of Because of greater buyer preference, year after year, more Chevrolets are built than any other car. This, in turn, means mass production economies that are passed on to you in terms of higher all-round quality at lower cost.

And this year, Chevrolet brings you more "money's worth" . . . more downright dollar value than ever before! The new '54 Chevrolets. are brimming with new Fisher Body beauty outside and in. You get new high-compression power, tee, combined with money-saving gas mileage. In addition, Chevrolet for 54 is first in the low-price field with a complete choice of automatic power features-conveniences like Powerglide, Power Steering, Power Brakes, Automatic Front Window and Seat Controls. Of course, these options cost extra, but a new Chevrolet with all the power features you want actually delivers for less than most other makes without them.

CHEVROLET

Come in and see all the wonderful new things you get in the new Chevrolet—the lowest-priced line in the low-price field.

\*Power Brakes oscillable only on Fowerstide models. Automatic Front Window and Seat Controls only on "Two-Ten" and Bol Air models.
